TOP 1 Freshmen

No new problems have reached us. Everything seems to be fine.

TOP 2 Answering mails

We need to contact the responsible person for disposing the table tennis tables. **Sven** organizes search for new Math tutor. **Urs** sends email to students wishing them luck for their exams.

There are no new relevant mails.

TOP 3 Elections

Let's push the elections until the start of next semester.

TOP 4 Buying Stuff / Abrechnung

Kitchen stuff: Only want to order the sandwich maker. **Sven** informs stuvus that we want to order the sandwich maker.

Others: cloth bags, stickers

Safe: **Marc** creates an Excel Sheet for the bookkeeping. **Marc** + **Urs** do the Abrechnung for 2022. **Urs** changes PIN of safe.

We need to wait until we receive the Nebenkostenabrechnung.

TOP 5 (Team) Events

Climbing: In January. **Marc** checks for possible dates and gets a poll-creator to do a doodle. **Marc** does the Abrechnung for the IMS-weekend. **Urs** creates poll for the event survey.

Event survey:

- We received 46 responses
- Everyone wants a summer party; no one wants to participate in a table tennis tournament
- Let's set the dates until the next start of the lectures:
 - Ice Skating: Let's see if someone can organize it (maybe Jule?). But it might be rather spontaneously organized.
 - Pub Quiz: Bidy's offers pub quizzes regularly on Mondays. Let's try to do the pub quiz on 06.03.2023. We need to make reservations. Also we should create a form for students to register for it (registrations until 01.03.2023)
 - CL introduction session: On 30.03.2023 at 2pm
- Events in the new semester: Pub crawl, IMS pub quiz
- Other events mentioned by the students: picknick, video games (e.g. Mario Kart), workshops, short trips to nearby locations (e.g. Strasbourg), opera/theatre visits

Sofia | Creates and distributes google form for the pub quiz.

Marc | Does money application for "Intro CL"-session (hopefully?).

TOP 6 Feedback

General feedback from students:

- Several students (from Linguistics background) struggle with the Programming and Maths -> Max already took some notes of the feedback to talk about them in the next StuKo session
- Some students complained about the style of the Auflagen-exams
- It would be good to know what research happens at the IMS => idea: Share slides from the research seminar / make sessions available to everyone that is interested
- Whenever someone of us is in the SR room, we should leave the door open

With help of the feedback from the IMS weekend we should update the HowToFachgruppe document.

Urs	Adds to H2FG doc: Things to bring with us from the institute / SR room.
Sven	Adds to H2FG doc: How to make the money application.
Max	Adds to H2FG doc: Organizing the cooking / grocery shopping.
Sofia	Adds to H2FG doc: Information on accommodations / places.
???	Adds to H2FG doc: Suggestions for workshops / activities.
Max	Creates feedback form for Masters programming course.
Setareh	Distributes the form in the programming course groupchat.

TOP 7 Shared next cloud folder

Fabian contacts stuvus-IT asking for some shared cloud space.

There's an issue with share permissions for shared folders. Let's see if there's another solution to get a shared folder where multiple students can upload pictures.

TOP 8 Board Cleaner

Issue with cleaning the whiteboards. **Sven** contacts the Sekretariat-Hiwis about it.

We postpone this topic.

TOP 9 Sperrmüll

Urs Emails the responsible person and asks him to help us.

TOP 10 Prüfungsausschuss

Examination board: Marc is the new contact person for the students. **Marc** writes email to inform the students.

We postpone this topic until Marc writes the email.

Urs officially closes the session.

Topics to keep in mind:

- Job fair: Organize to integrate some cl-companies to the job fair of computer science next semester.
