Minutes: Jule

Chairperson: Urs

Urs officially opens the session.

TOP 1 Freshmen

Posters / stickers in FSCL room

We got a tutor for the Math tutorial. It happens on Monday mornings. We should make sure the tutor gets a key to open the room.

TOP 2 Answering mails

There are no new relevant mails.

TOP 3 Events

Pubcrawl planned on 4th May, Pubquiz on 5th May, International potluck on 26th May. **Urban** does stuvus application for the pub quiz (40+10). **Urs** does room reservation for pub quiz. **Urs** does internal poll on the day for the potluck.

Grilling: The event was a success. We bought things for 80€ from the piggy bank. We didn't count how much money we got back yet.

Pub crawl: Starts at 6pm at the IMS.

Pub quiz: The seminar rooms of the IMS are reserved. VB, Sofia, Fabian and Urs will be the quizmasters and collect the questions. We should do the stuvus application: maybe 2 crates of spezi, some snacks and money for the prize.

International potluck: We should organize a hot plate to be able to warm up food. Maybe we should also have containers to keep the food warm (e.g. containers from the Mensa). It would be a good idea to create a google doc with the participants and which food they bring to avoid having people bring the same food.

We want to use posters to advertise events.

Urs	Talks to Urban about doing the stuvus application for the pub quiz.
Fabian	Asks stuvus if it is possible to get a hot plate.
Urs	Asks in FG-Vernetzungs-Chat about food containers
Max	Creates poster for International potluck.

TOP 4 Buying Stuff / Abrechnung

Kitchen stuff: Only want to order the sandwich maker. **Sven** informs stuvus that we want to order the sandwich maker.
Others: cloth bags, stickers

IMS-weekend: Wait for the Nebenkostenabrechnung. **Marc** does the Abrechnung for the IMS-weekend.
We want to buy big plant. **Opu** researches for price and **Urs** helps him to do stuvus application.
Marc needs to make improvements to the Abrechnung.

Sandwich / waffle maker: There was a vote whether we want to buy a waffle maker. 6 votes were in favor, 1 vote was against it, 1 abstention. Thus we will buy one!

Marc	Checks if the stuvus application for the waffle maker is still valid.
Opu	Looks for a pot for our plant.

TOP 5 Party in the pool

We want to create a poster.

Marc	Creates a draft for the poster.

TOP 6 Email Spam

There is a reminder email once a month for the HIWI working hours reaching all IMS students. It might make sense to have a separate HIWI-mailing list to reduce email "spam" for the not-HIWI-students.

Urs	Writes to Edgar and CCs the secretaries asking if such a mailing list would be feasible.

TOP 7 ALUMNI

Idea: Do we want to create an organization for former IMS students that already graduated to keep in touch after their studies?

Question: Should this be done from the institute or from us?

Ideas for the realization: mailing list, website, ... We could also ask the professors about their opinion / for ideas.

As soon as we have somewhat like a roadmap we could bring this topic up in the Stuko.

Sven	Drafts an email.

Urs officially closes the session.
